Very nice, professional. Loved the results BUT very painful. I suggest you have someone drive you so you can take some kind of pain killer before you have the procedure.

Wow, how to start, Victoria was great, it was my first time doing anything like this, I was scared, (I'm stepping out my comfort zone for a new year,) it was very clean and she made me feel comfortable, and she was very very patient, she played music u like, to relax u, i had permanent make up, under eyes liner, and it took about 18 minutes for both of my eyes. And i'm very very pleased with Victoria, yes i will go back again for my upper eyes liner.

The first week after the eyebrow procedure I wasn't sure I liked it, but when it all healed and the crust came off I really did like it. She listened to me and did what I asked for and felt comfortable with. I can see she wasn't too happy with the result but I was and that's what matters. I will be back for a retouch

when it wears off.

Great clean service. Very small office, but appropriate for a one-woman hit show! Easy in, Easy out. No hassel with redeeming the Groupon. At first I was frightened - I thought the eyebrows were too harsh, dark, but it did wear off a bit, now it looks perfect. Looked great the day of, but had to cover with makeup for a few weeks until the color faded some. But love the restuls, would go back. Friendly, older lady; very polite and easy going. Would go again for my lips!

Victoria was very professional with a pleasant personality and smile. She uses disposable equipment to do her job. The place is small but everything was neat and clean. The procedure went smoothly in spite of the discomfort it involves and I felt comforted and relaxed. She is very experienced. My eyebrows now look really great. I definitely recommend Helianthe. Thanks Victoria!

I was very scared to get permanent eyebrows!
What if I did not like them? I LOVE THEM! I could
not be happier with the results! She is wonderful

and it was fairly quick and painless! Can't wait to get other work done, like permanent eyeliner!

I had never heard of Helianthe before the Groupon. I was kind of nervous about getting permanent make-up with a company with which I had no experience. I had my brows done by another lady elsewhere before but wanted to find someone new. I could barely find any online reviews but decided to try Helianthe anyway. The experience was good. I was made to feel at ease. My brows came out gorgeous! I would definitely recommend her to anyone looking for this service.
